## “Operation Street Smart”

## Street Drugs ~ Awareness, Knowledge, Safety

### Purpose

“Times they are a changing.” The concerns surrounding street drug use and abuse impact all generations. For health and social service providers working with consumers in their homes, safety is always a concern.

This program is designed to provide participants with knowledge of “street drugs” and how to recognize the possible presence of drugs and the associated paraphernalia in the home, along with tips to maintain their own safety and the safety of their consumers.

### IMPORTANT INFORMATION:

Room temperatures can be difficult to control; dressing in layers adaptable to warm and cool temperatures is recommended.

A map and directions are included in this brochure. For events at the COAAA Long Street facility, you must pay to park; there is no free parking downtown. The COAAA is not responsible for fees or fines.

The COAAA does not discriminate on the basis of race, color, sex, religion, sexual orientation, national origin, age or disability. If you need special accommodations due to a disability, please indicate so on the registration form.

### Objectives

At the conclusion of this workshop, participants will be able to:

- Recognize current, up-to-date narcotics information.
- Describe the many different appearances of street drugs & associated paraphernalia.
- Recall street/slang terminology used in describing common street drugs.
- Describe the physiological effects of drugs & indicators to look for.
- Recognize the challenges associated with prescription medications, including DXM due to the easy accessibility in most households.

The registration fee includes coffee, tea and handouts. Lunch is not included.

### Late Registration: \$70.00 (after 3/23/10)
