COAAA Seeks Input from Older Adults Through Community Survey

The Central Ohio Area Agency on Aging (COAAA) is encouraging older adults throughout Delaware, Fairfield, Fayette, Franklin, Licking, Madison, Pickaway and Union counties to complete a community survey that has been mailed to randomly selected households across the region.

The survey helps identify the needs, priorities, and concerns of older adults and caregivers, ensuring that local programs, services, and resources reflect the realities of aging in our communities. Responses will help guide future planning and investments that support older adults' health, independence, and quality of life.

If you receive a survey in the mail, please take a few minutes to complete and return it. Your voice plays an important role in shaping the future of aging services in our eight-county service region.

About COAAA

COAAA arranges and coordinates in-home services for older adults and individuals with disabilities, including homemaking, home-delivered meals, personal care, and transportation. COAAA provides advice, education, and support to family caregivers, and advocates for programs and policies that benefit older adults and individuals with disabilities.
